

LED conversion kit with 180° beam angle by innovative LED spotlighting. For conversion of INOTEK edge lights with fluorescent lamp T5 (socket G5).

**Technical data**

<b>Illuminant :</b>	LEDs
<b>Nominal voltage AC :</b>	230V ± 10%, 50/60Hz
<b>Nominal voltage DC :</b>	220V ± 20%
<b>Nominal current :</b>	18 mA
<b>Power consumption :</b>	5.2 VA
<b>Terminals :</b>	2.5 mm <sup>2</sup> for feed-through wiring
<b>Temperature ta :</b>	-15°C... +40°C
<b>Protection class :</b>	I

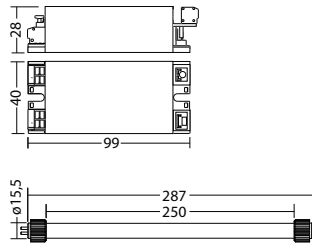

acc. to DIN EN 60598-1, DIN EN 60598-2-22, DIN 4844-1 and DIN EN 1838

**According to standards exclusiv INOTEK LED conversion kit.**

**INOTube conversion kit 8/180°**

In-luminaire mounting

Art. no. 890 215 - J/SV  
Art. no. 890 235 - SKÜ  
Art. no. 890 245 - NE/SV

**INOTube conversion kit 6/180°**

In-luminaire mounting

Art. no. 890 217 - J/SV  
Art. no. 890 237 - SKÜ  
Art. no. 890 247 - NE/SV
